

FOR IMMEDIATE RELEASE:

New PierPASS Survey Shows OffPeak Program Delivers For Port Truck Drivers

Dear OffPeak user,

On July 20, 2006, PierPASS President and CEO Bruce Wargo hosted an interactive webinar and Q&A session to prepare exporters for the new procedures for handling export containers under the OffPeak program at the Ports of Los Angeles and Long Beach. Beginning Monday, August 7, 2006, exporters delivering containers during peak hours to terminals at the two ports will be required to claim their booking numbers before the containers arrive at the terminals.

This webinar is now available online, and we encourage you to view it.

You can watch the webinar by clicking [here](#).

In addition, you can download the webinar presentation from the PierPASS website: <http://www.pierpass.org>

Thank you,
PierPASS
